SEND GIFT CAR

CHRISTIAN SUNDAY SCHOOLS TO MAKE ANNUAL DONATION.

COUNTY CHURCHES HELP

Christmas Supplies Go to St. Louis Orphanage Next Week—Women Make Jam for the Homeless.

To prepare their share in the annual Thanksgiving car to be sent by the Christian churches of Nodaway county to the St. Louis Christian orphanage, the women of the First Christian church will spend tomorrow and Thursday in an all-day session at the church.

Sewing, canning and preserving fruits, getting toys and trinkets ready, and packing everything that will delight the boys and girls in the home will be the work of the women. One of their specialties is to prepare a generous lot of spiced apple butter, and with this in view the women will bring the apples, sugar and spices to the church tomorrow to prepare the favorite jam.

The car will be loaded at Maryville and will be sent out some time next week, in order to reach St. Louis for Thanksgiving.

This is the second year the plan of sending a county car has been followed. The offerings include potatoes, apples, vegetables which will stand shipping, fresh and canned fruits, nuts, toys, bedding, clothing and anything which will be enjoyed by the children at the home.

Each Christian Sunday school in the county has a part in the annual gift. Many of the gifts have been exceedingly generous and of special delight to the children. Last year the boys of the Pickering Sunday school gathered and sent nearly twenty bushels of walnuts.

One of the real treats sent by the Pickering school this year is to be an immense coop of chickens.

The orphanage is supported by the Christian churches of the state. The Loyal Daughters class of the Maryville church has undertaken the support of a girl in the home as their share of work for this year.

DR. MILLER TO ST. LOUIS.

To Attend Funeral of Fellow Member of State Board.

Dr. Jesse Miller left last night for St. Louis to attend the funeral services today of Dr. T. E. Turner, who was accidentally killed in an auto accident Saturday evening.

Dr. Miller and Dr. Turner have been associates for several years on the state dental examining board.

MAKE ANNUAL TAX ABSTRACT.

County Clerk Prepares to Receive Annual Contributions.

The annual abstract of state, county, township and special road taxes by the county clerk will be completed within two or three days, it is expected. The work is being done by Fred J. Yeomans, deputy clerk, and Miss May Harvey, assistant. The taxes due to the county this year is slightly in excess of that of last year, it is said.

HONORS FOR ARGENTA TEACHER.

Department Directed by Phillip Parcher Wins First Prize.

In a recent competitive exhibit between the schools of Little Rock and Argenta, Ark., the manual training department of the Argenta school, which is headed by Phillip Parcher of this city, won first prize for display. In addition to first on manual training department exhibit, the Argenta school won first on general exhibit and second on the domestic science display.

Mr. Parcher took up his work there in September. He is a graduate of the Normal, completing his work this past spring.

TO ATTEND OFFICIALS FUNERAL.

Local W. O. W. Members Will Witness Rites to Deputy W. H. Steele.

Ezra Phipps, major of this battalion of the Woodmen of the World, and Charles Kiser, went to Fairfax this morning to attend the funeral service today for W. H. Steele, district deputy of the W. O. W., who died there Sunday. The body will be taken to his home in Muncie, Ind., for burial. Deputy Steele was a fraternal member of the local Magnolia camp, No. 8, and was well known here to not only members of the order, but business men in general. His last visit here was during the home-coming.

GIVE \$364.00 TO BELGIANS

Solicitation Results in \$158 Addition to Commercial Club Offering.

The total amount raised in Maryville for the Belgian relief fund, which was started at the Commercial club banquet last Thursday night, was \$264.75 at 2 o'clock this afternoon, according to Paul Sisson, chairman of the relief committee. This is an increase of \$158.50 over that secured during the civic club banquet, when \$206.25 was pledged. A great amount of that already pledged has been paid in.

The majority of the \$158.50 added to the relief fund was secured by a personal solicitation made in the north and part of the east end of the city this morning by Mr. Sisson and Edward Curfman. While some declined to contribute, not because they did not favor the cause, but through inability, most of those approached, contributed willingly and in instances much more than the solicitors expected.

While it was believed the necessary amount to purchase a car of flour for the war stricken Belgians, could be obtained over Nodaway county without any solicitation, it was decided today by Mr. Sisson to make a personal canvass over this city at least, in order to rush the relief fund to completion.

A canvass of the south and west parts of Maryville probably will be made tomorrow.

MRS. HIATT INJURED

Severely Burned by the Overturning of Pail of Scalding Water.

Mrs. Bert Hiatt of South Laura street was badly hurt Sunday evening when her limbs were scalded by the overturning of a bucket of hot water. Her burns are deep and very severe. Her condition is not critical at present.

Mrs. Hiatt was sitting near the stove on which was a large pail of hot water. A little neighbor girl playing in the room stumbled against a long poker resting against the bucket, overturning the contents of the bucket on Mrs. Hiatt.

BEGIN BEDISON REVIVAL.

Plattsburg Evangelist Starts Services at Christian Church.

A series of revival services in the Christian church at Bedison were begun last night by Evangelist R. A. Thompson of Plattsburg. They probably will continue several weeks. Recently the church has been without any regular pastor. The last pastor, the Rev. Abner Johnson, resigned last summer.

WEATHER MODERATES LITTLE.

Mercury Climbs Two Degrees Past Monday, But Storm Threatens.

The mercury in the thermometers of Maryville climbed two degrees, or from 16 to 18, this morning over that of yesterday morning, but still overcoats, mufflers and muffs are much used. The pioneer weather prognosticators likewise look with disfavor on the slightly overcast skies of today, and predict it to "weather" tonight or tomorrow—that is, to snow or storm.

Ice was seen in some profusion again this morning, and the circle has come back to stay, it seems, after an eight months absence. However, the weather this fall so far has been mild compared to what some falls have brought Nodaway county inhabitants, the weather records show.

FRANK EWING DIES

SUCCUMBS LAST NIGHT TO ILLNESS OF OVER A YEAR.

WAS FORMER ALDERMAN

Funeral Services Tomorrow Morning at Christian Church—Burial at Old Home at Hopkins.

Succumbing to a malady with which he had suffered for nearly a year, Frank Ewing, died at 9:30 o'clock last night at the family home, 120 North Main street.

The funeral services will be held at 10:30 o'clock tomorrow morning at the First Christian church, conducted by the pastor, Rev. Robert Lyle Finch. The body will be taken to Hopkins for burial and will be interred in the Hopkins cemetery.

Mr. Ewing had been in failing health for over a year. Last May he went to a specialist at Rochester, remaining there in a sanatorium for several weeks. For a short time he gained in strength and then began to fail. He had been in a serious condition for several days previous to his death.

He was 47 years old and was the son of Captain and Mrs. James Ewing of Hopkins. The greater part of his life was spent there, where he was associated in business with his father and brothers. Later he came to Maryville to reside, going into partnership with his brother-in-law, R. E. Snodgrass.

He was a member of the city council for four years. On account of his health, he was forced to give up active business life about two years ago.

In April, 1901, he was married to Miss Jessie Livasy, of Pickering, who with two children, Harold and Olive, survive. He is also survived by his parents, four sisters and two brothers. They are Mrs. Joseph Markley, of St. Louis, Mrs. S. E. Wible, of St. Joseph, Mrs. R. E. Snodgrass, of Maryville, Mrs. E. E. Corden, of Hopkins, George Ewing, of Kansas City and John Ewing of Hopkins. The parents, brothers and sisters from out of town have been in Maryville several days, summoned by the serious condition of Mr. Ewing.

SUE TO PERFECT TITLE

Children Would Wrest Solomon Clark Estate from Step-Mother.

A suit to perfect title to Pickering property, belonging to the estate of Solomon Clark, who died there September 18, was filed in the office of the circuit clerk this morning by children of Clark by his first wife. They are William M. Clark, Nettie Willhoit, Theodore G. Clark and Samuel K. Clark. The defendant is Eleanor Clark, the second wife of Solomon Clark.

The children, in their petition, allege that through her influence and persuasion, and not of his own free will, their father transferred the deed to the Pickering property, valued at \$1,760, to his second wife. They ask the court to make such order as necessary to transfer the title from her.

The suit is docketed for trial in the January term here.

MUST PAY WAR TAX.

Treasury Department Warns Taxable Persons of Penalty After November.

A warning has been sent out by C. G. Burton, collector of internal revenue for the sixth district of Missouri, with headquarters in Kansas City, to those persons or establishments that are subject to taxation under the new war revenue tax. The notice follows: "Every person who is required by the war revenue law of October 22, 1914, to pay a special tax, should write at once to C. G. Burton, collector of internal revenue, Kansas City, Mo., for blanks upon which to make application for tax stamps, as such tax must be paid during November, or a 50 per cent penalty will be added.

"This applies to brokers, pawn brokers, commercial brokers, custom house brokers, commission merchants, proprietors of theatres, museums or concert halls, proprietors of circuses, proprietors or agents of public exhibitions not otherwise enumerated, proprietors of bowling alleys or billiard rooms, dealers in leaf tobacco, dealers in tobacco, cigars or cigarettes, manufacturers of tobacco, manufacturers of cigars and manufacturers of cigarettes.

MANY SELL HOGS

QUARANTINE AND CHOLERA EPIDEMIC CAUSES FARM UNLOADING.

WILL CAUSE SHORTAGE

Expect Short Spring Supply—Estimate 7,000 Head Have Left County in Last Two Weeks.

That Nodaway county farms and stock raisers have shipped out of this county since November 1 at least 7,000 hogs, as a result of the cholera epidemic, the quarantine and high prices, is an estimate furnished by a prominent stock man living near Maryville. That it likewise will result in a noticeable shortage in the hog supply next spring, is the belief of the stockmen of the county.

Not only does the drain come from this county. Reports from the principal hog receiving markets indicate that the swine crop of the entire middle west is being thrown upon the market at present. Yet the prices hold well; in fact, appear to raise instead of fall.

The shipments of cattle from states where no federal or state quarantine has been declared, also are better than usual, although not so marked as in the case of hog shipments.

Will Not Take Chance.

At 10:30 o'clock yesterday morning fourteen wagons used for hauling hogs into Maryville for shipment were congregated around the square, while several others were observed on the business streets. The Burlington shipped four cars of hogs away from here yesterday, each car averaging about eighty head. From other parts of the county, especially at Hopkins, Pickering, Burlington Junction and points to the south, it is said the shipments are equally as large.

The Burlington here has averaged shipping out three cars of hogs since the first of this month.

While the spread of the cholera appears to be checked, in part at least, in this county and few deaths are resulting, few farmers are taking chances on having his herd depleted by the epidemic. Rather than take the risk many would sell at much lower prices than they now are receiving.

Unable to Check Disease.

Replying to the cholera epidemic over the state, Dr. D. L. Luckey of Columbia, state veterinarian, had this to say recently:

"Missouri is on the verge of a widespread outbreak of hog cholera," he said, "and I am getting the blame for it, because I am doing nothing to check it. It is true the condition is very serious and it is also true that I am doing very little, but I am not at fault.

"I saw all the trouble coming, but was powerless to aid. Last August there was hog cholera in widely scattered parts of the state. A vigorous campaign then would have stopped it. Then came the rains that washed the hog cholera germs down the draws and streams, and we shipped in a lot of infected hogs to feed, and now the state is just experiencing losses as a result.

Cannot Estimate Loss.

"Those who are skeptical can prove my assertion with a little investigation. Every commercial serum plant in the state is running to capacity, and I am getting scores of requests for treatment. What the loss will be none of us can figure, for it is the sort of a loss that we never get statistics on, but in Pettis county, where they did go to the trouble of taking a census of their loss in 1912, they found that \$500,000 worth of hogs had died, and that is not the biggest hog county at that.

"Missouri has the only organization of its kind in the nation as regards the veterinarian's office. I have only two regular deputies. All the remainder are local veterinarians in the various counties—ninety-one of them—who are chosen for their skill and fitness. They get pay only when they work for the state, and thus the state has on the ground in nearly every county an organization that secures the co-operation of the local veterinarians and gets the best results."

Mrs. Paul Ream of Kansas City arrived in Maryville yesterday to visit her father, Joseph Jackson, and her sister, Mrs. J. F. Colby.

MINKS WIN NORMAL TOURNEY

Defeat of Giants by One Score Decides Basket Ball Championship.

The Minks won the Normal school basket ball championship yesterday afternoon when they defeated the Giants by a 10 to 9 count in the regular game and were victorious when they played off a tie with the Allies which was held over from one week ago.

The two leading teams were evenly matched and there was no assurance which way the game had gone until the final whistle blew and the Minks were declared victors by one point. It is interesting to note that the relative standing of the teams was the same at the end of the first half, when the score stood 7 to 6 for the Minks.

In the tie game between the Minks and Allies the score at the beginning stood 14 to 13 in favor of the Minks, as it is necessary to gain two points after the score is tied to win the game.

Both teams started into the contest with a vim and both were a little over-zealous in their efforts, resulting in one foul being called on each team before the game had progressed far. Each team made the free throw, leaving the score relatively the same as it was in the beginning. The game finally went to the Minks when another foul was called on the Allies, and Leech tossed the ball through the ring for the winning tally.

The second game of the afternoon was between the Allies and the Quintet. The contest was easily won by the Allies, 17 to 8.

These games then leave the standing of the teams as follows:

	Won.	Lost.	Per Cent
Minks	10	4	.714
Giants	9	5	.642
Quintet	5	9	.357
Allies	4	10	.287

The total number of points made by each team are in the same order as the standing of the teams. The Minks are first with a total of 294 points, the Giants second with 251, the Quintet third with 245, and the Allies fourth with 181.

Halley Ford of the Minks, made the largest number of goals from the field, getting a total of 44. Vandersloot of the Giants was a close second, having made 43 successful shots, and Leech of the Minks was third with 41 goals.

The games of yesterday afternoon end the tournament, and serious practice will commence at once. The names of the first team squad, comprising twelve men, will be announced soon, and regular practice will commence.

Summary of yesterday's games:

Allies—Field goals, Scarlett 2, Seymour 3, Wells 2; free throws, Scarlett 1, Seymour 2.

Quintet—Field goals, Brittain 1, Scott 1. Three points awarded.

Minks—Field goals, Powell 1, Leech 1, Ford 1, Woodward 1; free throws, Leech 2.

Giants—Field goals, Vandersloot 2, Neal 1; free throws, Vandersloot 3.

MANY AUSTRIANS DIE IN GALICIA ATTACK, REPORTED.

GRAVE FOUR MILES LONG

Bury Battle's Victims Three Deep—German Reports of Success Not True, Says Czar.

Amsterdam, Nov. 17.—Forty thousand Austrians the victims of only a few hours battle with the Russians, have been buried in one grave, six and one-half feet wide and more than four miles long, according to a dispatch to the Nieuw Rotterdamse Courant from a Galician priest. The burial of those slaughtered in the short battle was made in one day, the dead being placed in three layers.

It is further reported that the dead Austrians lay so closely together on the battle field after the carnage by the Russians that traffic could not proceed.

Petrograd, Nov. 17.—Claim is made by the Russians of a general success. They contradict the German report of victory at Stalluponen and declare that the shifting of German troops has been in vain.

Paris, Nov. 17.—The French believe that the German line in Belgium is wearing itself out.

SPEAKS AT FARM CONGRESS

Paul Sisson To Represent Commercial Club With Address at St. Joseph Meeting.

Paul Sisson has been appointed by the Commercial Club to represent it at the second annual Interstate Agricultural Congress to be held in St. Joseph December 9 to 12 inclusive. Mr. Sisson will read a paper on "The Business Man and the Farmer," before the congress, Saturday afternoon, December 12.

He will deal principally with the value of a greater cooperation between the merchant and the farmer, of a more friendly or neighborly spirit between the two, and the resulting value of such, to both the farmer and merchant.

While Mr. Sisson was alone delegated to represent the civic club, many other members of that organization plan to attend the meeting at least one of the four days it is in session. A number of Nodaway county farmers and business men, intend also to attend the congress next month.

Plans are being made by three in charge of the convention to have some of the best lecturing talent in the country. Not only will there be strictly farm lectures. The dairyman, horticulturist, business man and others are to be given during the four days session.

Hopkins Hears "Bob" Seeds.

The second number of the Hopkins lyceum course was held there last night, with Robert S. Seeds, the lecturer with a national reputation, as the attraction. He drew a fairly large and an entirely appreciative audience. The next number will be given December 7, when Robert O. Bowman, character portrayer, appears.

State Sunday School Scholars Meet.

The forty-ninth annual state convention of the Missouri Sunday School association will begin in Springfield today. It will continue three days. Indications point to a large attendance from all over the state, representing every Protestant denomination. The association has over 600,000 members.

Have you joined the "buy-a-ton-of-coal" movement?

Get your strong box ready now for a period of big prosperity. The elections over and the mills throughout the country are returning their men to work. The big steel mills opened up this week and numerous others are proclaiming that they can't hold the trade revival back any longer. The new federal reserve banks opened for business Monday, which day is expected to prove a Fourth of July in the financial world. The money of the country will be distributed among twelve centers instead of being centered in one place, and millions of dollars will be released for loaning purposes which have not heretofore been available. Some defects in the new system, are, of course, expected which may be remedied as they present themselves, but the general effect will be for a wholesome relief and a conservative expansion of business. The cotton exchanges in New York and New Orleans also reopened for business Monday.

THE CURE FOR RECKLESS FINANCING.

Since the government has been digging into the New Haven and Rock Island deals and exposed the disgusting rottenness of those transactions, the railroads of the country have suddenly awakened to the fact that water cannot longer be made to take the place of real coin of the realm, and a general cry for increased rates is going up. If it is developed, after intelligent and mature investigation, that increased rates are necessary to the life of the railroads of our country, congress and the state legislatures should have the honesty and the nerve to allow them. But it is very doubtful if this fact can be developed. The railroads are and have been doing a very good business, and a still bigger business is near at hand. What the railroads cannot see apparently is that they can dispose of a lot of promoters now who have been holding one hundred thousand dollar-a-year jobs and replace them with real railroad men at twenty five thousand or less, who will reorganize and run the roads within their income. Smaller institutions must measure their income and regulate their expenses accordingly, but since high financing in big business came into fashion the oppo-

IF CONSTIPATED OR BILIOUS "CASCARETS"

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They Work While You Sleep.

Get a 10-cent box.
Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have headache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

site has been the practice in railroading and the small patron must pay for the music. Railroads, like other legitimate institutions, are entitled to legitimate profits. A considerable amount of modern legislation has been expensive to the railroads, such as steel cars and safety appliances generally, but such legislation will be ultimately an economy. The equipment is more durable and longer lived, there are fewer wrecks and less losses sustained and legitimate damage suits are reduced to a minimum. Foreign money is, of course, not now available, but, admitting that, it doesn't follow that the general public should be assessed to pay bonds and loans, many of them of doubtful propriety.

James Hepburn, near Gaynor, came to Maryville this morning to transact business and to visit during the day with his son-in-law and daughter, Mr. and Mrs. D. E. Hotchkin.

Cracow Burning and People Fleeing.

WINTER ENTERS WAR.

Coming of Cold Weather Paralyzes Movement of Armies.

CZAR'S MEN MARCH IN SNOW.

Blizzards Sweep Trenches in France and Belgium.

WAR SUMMARY

A Venice dispatch says: "The fall of Cracow is expected at any moment. The city is invested on the north and parts are ablaze. The inhabitants are in flight. The Russian forces have made a very rapid advance and reached Cracow sooner than expected. For the Russians the fall of Cracow means the key to the industrial districts of Silesia, striking a vital economic blow at Germany."

The British say that in two actions against the Turks at Fao, in the Persian gulf, they have "severely handled and defeated the Ottomans." The Turks also have lost 250 men and two guns in the bombardment of the forts in the Dardanelles by the warships of the allies.

According to the German official reports, the operations in Flanders are progressing slowly, but in the Artois district they have achieved further important successes. In Poland the battle continues without definite results.

Rome, Nov. 17.—The Giornale D'Italia publishes a dispatch from Venice which says that news has been received there that Cracow, capital of Galicia, is burning and that its inhabitants are fleeing.

An earlier dispatch from Petrograd stated that the overwhelming advance of the Russians toward Cracow was overcoming all obstacles, both the difficulty of the passes and the desperate resistance of the Austrians. Cracow was entirely besieged on the northeast. A sortie from Przemyśl had been repulsed by Russian artillery and cavalry, which inflicted severe losses on the Austrians.

Winter Arena of Great War.

London, Nov. 17.—The coming of winter has partly paralyzed the movement of the troops both in the east and west theaters of the war.

The Russians on the border of East Prussia are reported to be marching through snow, clad in sheepskin jackets similar to those which the Japanese first wore in Manchuria. Blizzards have swept the trenches in Belgium and northern France and brought great suffering to the wounded as well as to the men in the fields. A large area of West Flanders around Dixmude has been flooded by the heavy rains and is no man's land for fighting.

Reports Contradictory.

The French and German reports are contradictory as regards the progress of their armies in the west. Berlin says there was only slight activity because of the snowstorm. Paris announced that the Germans in attempting to cross the canal near Dixmude were thrust back, while the allies recaptured several strategic points, repulsed two German attacks southeast of Ypres, and "entirely destroyed" a general regiment south of Bixchoote.

If the Germans have abandoned their furious battering ram efforts to thrust back the allies' line and reach Calais their failure will constitute a distinct victory for the allies, it is asserted in London, because the allies have not tried to accomplish anything more than to hold their own on the defensive.

Petrograd reports that the Russian campaign is developing favorably in East Prussia. From other sources it is reported the inhabitants of that country are beginning to flee before the menace of a second invasion. On the Polish frontier and in Galicia two enormous armies are massing for a battle which may decide the fortunes of the war in the east.

Prince Oscar Returns to Front.

Berlin, Nov. 17.—Prince Oscar, the fifth son of Emperor William, who has recuperated from a recent attack of heart trouble, returned to the general staff headquarters for duty in the field. Press dispatches received in Berlin describe the proclamation at Constantinople of a holy war as arousing great enthusiasm in the Turkish capital.

PARLIAMENT VOTES OVER BILLION CASH

Premier Granted Another Army of Million Men.

London, Nov. 17.—The meeting of the house of commons was devoted entirely to war measures.

Premier Asquith requested a vote for £225,000,000 (\$1,125,000,000) and another million soldiers, both of which the house granted without a dissenting vote.

The prime minister characterized the crisis as "the greatest emergency in which the country ever has been placed." He said 1,200,000 men already were under arms; that the war was costing nearly \$5,000,000 per day, and that the government proposed to lend Belgium \$50,000,000 and Serbia \$4,000,000 without interest until the end of the war.

John Hodge, the labor member for Lancashire, endorsed the proposal with the suggestion: "Later we can collect it from the German emperor."

Reginald McKenna, secretary for home affairs, informed the house that there were 14,500 alien enemies in the concentration camps in the British Isles and 29,000 at large.

GERMAN OFFICIAL BULLETIN

Berlin Statement Tells of Advance in Flanders and Artois.

Berlin, Nov. 17.—An official announcement given out in Berlin says that the German attacks in Flanders are progressing slowly, but that in the Artois the Germans have obtained further important successes.

Continuing, it sets forth that German forces have repulsed the enemy near Stalluponen and also drove them back at Lijmo. Five hundred prisoners were captured on the Vistula river.

German forces have been successful at Wloclawek, where several Russian army corps have been driven back. In this fighting the Germans, according to present reports, made 23,000 prisoners and captured much artillery.

Women's Martial Styles.

"Even war has its beautiful side
when applied to the industry of making
dresses and wraps. The women want
things up to date and expressive of the
thought of the day. Every one is
thinking and talking war and there
you are."

This was the answer given by W. A.
Mead, secretary of the National Ladies
Tailors' association at the recent ex-
position held in Chicago, in explaining
the military style, and the martial
belts, braids and buttons used to em-
bellish the fashionable garments of
the season. Mr. Mead continued:

"These styles are adaptations from
foreign models, with something indi-
vidual, something suggestive of the
great central fact of the period thrown
in for good measure. War is the in-
spiration of the style.

"Styles rush in where every thing
else fears to tread. The designers
in this case have followed the Adam-
handed-down excuse, a woman. We
may want things up to date, but a
'beautiful side to war,' allows one's
respect for a designer to be exceed-
ingly small."

most money during the bazaar is to be
feasted by the losers. An oyster sup-
per to be given at the church Thurs-

Masquerade Affair.

The first of a succession of affairs
which the Woodmen Circle has
planned for the winter's entertainment
of the lodge and its friends, was a
masquerade social given last night in
the W. O. W. hall. In the prizes of-
fered Mrs. James Senior and Miss
Marie Gross won the prize for the best
couple and Mrs. Senior the prize for
the best costumed woman. Miss Gross
was garbed as a gypsy and Mrs.
Senior as a clown. Charles Robey, in
an impersonation of the czar of Rus-
sia, won the prize for the best man's
costume, and Miss Kate Thomas, as

A Simple Safety Device.

The hammer is a useful tool, but its
use is not quite free from danger to the
user or from injury to materials. The
flat, highly polished surface is likely to
glance off the nail unless the blow is
squarely delivered, and when the
nail is of cast metal its head often flies
off and inflicts quite severe injuries.

One firm, says Chambers' Journal,
had innumerable accidents from this
cause, and some of the men were per-
manently injured. Thereupon the man-
agers tried hammer heads with scored
faces as an experiment. Owing to the
success of the experiment the polished
face hammer has been abolished in
that firm's factory, except for special
classes of work.

Troubles of a Prophet.

In a certain town the local forecaster
of the weather was so often wrong
that his predictions became a standing
joke to his no small annoyance, for he
was very sensitive. At length, in de-
spair of living down his reputation, he
asked headquarters to transfer him to
another station.

A brief correspondence ensued.

"Why," asked headquarters, "do you
wish to be transferred?"

"Because," the forecaster promptly
replied, "the climate doesn't agree with
me."—Pittsburgh Chronicle.

Uncertain.

"Better stop the car," said the own-
er. "There are three women crossing
the street."

"I think I can dodge through," sug-
gested the chauffeur.

"Not with wings. One of them will
dodge forward, another back and the
third probably will go up in the air."—

Suicide's Body to Home.

The body of Jesse H. Rankin, 29
years old, who committed suicide in
St. Joseph Sunday morning, following
a two weeks' visit to his brother, Ira
Rankin, near Hopkins, was removed
today to his home at Lyons, Kan. Ira
Rankin, who has been in St. Joseph
since the receipt of notice concerning
the death, returned home today.

No definite reason for young Ran-
kin's taking his life can be given by
his brother, unless it was through
some love affair of which he is un-
aware.

The following stock men shipped
hogs and cattle to the St. Joseph mar-
ket yesterday: J. D. Henderson, W.
H. Ramey, M. B. Sherlock, W. B. Por-
ter, John Stundon and J. W. Milbank.

Auto Victim Improves.

Bennett French, 218 Fillmore street,
who was injured when thrown beneath
an automobile on Buchanan street Sat-
urday afternoon, is considerably im-
proved today, according to the attend-
ing physician. French was saved
probably fatal injuries by his being
thrown beneath his bicycle as the car
passed over. The wounds consist
principally of bruises and cuts about
the legs and body.

Poultry Pointers.

There should be no end to the cull-
ing season; culling is always in order.
The hen that is hungry at meal time
is usually a healthy and profitable
bird. If any of your hens are still
roosting out in the orchard or fences,
this is a good time to teach them the
error of their ways.

For scabby or scaly legs, mix up
some lard, sulphur, and a little coal
oil; two applications should effect a
cure.

A bone cutter soon earns all it cost
by converting what would otherwise
be waste into excellent feed.

A few birds well kept will prove
profitable where double the number,
with less care may prove a loss.

It was for refusing to cut a hedge that Auffart was fined. He has appealed the case. Auffart rents from Fred Carr.

PEACE IN SIGHT IN MEXICO

General Carranza Tells Gutierrez

He Will Retire.

VILLA MAY FOLLOW SUIT.

Disposition Is Shown In Some Quarters to Await Confirmation of Reported Action of First Chief of Constitutionalists.

Washington, Nov. 17.—Peace in Mexico after weeks of dissension among the generals of the victorious Constitutional army at last seems in sight, according to messages received by the United States government from its agents in the southern republic.

Soon after American Consul Silliman telegraphed from Mexico City early in the day that hostilities between the forces of the convention and those loyal to Carranza had ceased, came a message from Leon Canova, special agent of the American government at Aguas Calientes, stating that General Carranza had telegraphed his intention of resigning. The message said:

All Is Lovely.

"Everything is settled satisfactorily. General Carranza has telegraphed General Gutierrez that he will retire."

Secretary Bryan made public the brief message, but made no comment on it. Although the dispatch itself was delayed in reaching here, from no other source in Mexico had come word of a similar nature. Officials thought it not unlikely that in the hope of domestic peace, Generals Carranza and Villa would retire from their positions of authority and leave Mexico while the national government was reorganized.

In view of the fact that neither press dispatch nor telegram to the Constitutional agency made mention of a successful outcome of the peace conference, however, there was a disposition in some quarters to await further advice from Carranza, who is at Cordoba, before accepting the information given to Special Agent Canova by the Mexican generals at the Aguas Calientes convention.

BODIES OF SLAIN BURNED

Many Trains Piled Full of Dead Bodies Arrive In Brussels.

Geneva, Nov. 17.—The National Swiss published a long letter from a Swiss who is doing Red Cross work at Brussels. An extract from the letter says:

"The number of German wounded arriving here is unimaginable. Trains which we call cemetery trains, full of piled up dead soldiers, continue to arrive from the front. They contain bundles of dead; that is, four bodies tied together to facilitate transportation. The bodies are burned promptly in special furnaces erected just outside of Brussels."

Japan Sending Naval Force to Chile.

Honolulu, Nov. 17.—That Japan is rushing a naval force toward the coast of Chile to join other vessels of the allies in a search for the German vessels that brought defeat to Rear Admiral Sir Christopher Craddock's British squadron was indicated by a report brought here by the schooner Robert R. Hind, which arrived from Pori Townsend. The schooner's captain said he sighted the Japanese battleship Hizen and armored cruiser Asama on Thursday 500 miles southeast of this port and headed in a southeasterly direction.

Will Locate Hidden Wireless Stations.

Washington, Nov. 17.—Using a newly invented apparatus naval experts are working close on the trail of persons suspected of surreptitiously communicating with belligerent vessels in the Atlantic ocean. So far evidence has been secured implicating some persons in Florida, but the Maine woods mystery remains unsolved. Within a few days, however, the detection of all such is regarded as inevitable.

Italians Will Aid Belgians.

Rome, Nov. 17.—A committee has been formed among prominent noblemen and women with the object of collecting money for the relief of the Belgians. The committee is presided over by former Premier Luzzatti and the Duke of Sermoneta.

Sharp to Present Credentials Dec. 1.

Washington, Nov. 17.—William G. Sharp, former Ohio congressman, will present his credentials as American ambassador to France, to President Poincare on Dec. 1, and take over the office now held by former Governor Myron T. Herrick of Ohio.

Money For Sufferers.

Princeton, N. J., Nov. 17.—Four thousand dollars was collected between the halves of the Yale Princeton football game for the benefit of the sufferers in the European war zone. The contributions ranged from 1 cent to \$10 and almost filled a flour barrel.

Dr. Anna H. Shaw Re-elected.

Nashville, Tenn., Nov. 17.—The entire administration ticket of the National Woman Suffrage association, headed by Dr. Anna Howard Shaw, was elected at the annual convention of the association here.

PRINCE OF WALES OFF TO THE FRONT

Heir to British Throne Joins Staff of General French.

London, Nov. 17.—The Prince of Wales crossed the channel from Folkestone to Boulogne on his way to the front.

The prince was dressed in a military uniform and unostentatiously departed in an ordinary cross-channel mail boat. He has joined the staff of Field Marshal Sir John French.

The news that the heir to the throne had been permitted to carry out the royal tradition as an army leader has been received with great satisfaction by the newspapers, which express the belief that it will stimulate recruiting. A dispatch from Boulogne says:

"The arrival of the Prince of Wales here was the signal for an enthusiastic demonstration by the British and French troops gathered on the water front. Several trainloads of wounded along the quay joined in the cheering. The prince shook hands with many of the wounded."

CAPTIVES NOT MISTREATED

Americans Inspect Austrian and German Detention Prisons.

London, Nov. 17.—Chandler P. Anderson of the department of state at Washington and Chandler Hale, former secretary of the American embassy at Vienna, returned to England from Germany and Austria, where they investigated the conditions of English prisoners. This trip followed a previous investigation of the conditions under which German and Austrian prisoners of war are being held in England.

Mr. Anderson inspected the German prisons and Mr. Hale the Austrian. Both of them found conditions similar to those existing in the English detention camps. They were not able to discover any cruelty or mistreatment. They talked freely with the prisoners and ate with them and found their food abundant.

Quarantine Helps Missouri River Markets—Ship Much Stock Out.

Kansas City Stock Yards, Nov. 17.—A good cattle market met shippers yesterday, the prices ranging 15c to 25c above the close of last week. Receipts today were 14,000 head, as compared with 34,000 a week ago. Chicago and St. Louis are open today, after their temporary closure, but total supply at the five leading western markets is only 33,000 head, a thousand head less than Kansas City had a week ago. All stock received at Chicago and St. Louis must be slaughtered, none is permitted to be shipped out, which condition throws most of the eastern orders for live stock to Kansas City again this week, a very strong market feature here.

No prime natives are here, fair short-fed steers selling at \$8.50 to \$9.50. Good to choice cows brought \$7, heifers \$7 to \$9.25. Panhandle yearlings and twos of good breeding sold at \$7 to \$7.75, medium and low grade stockers \$6 to \$6.75, stock calves \$7 to \$8. Kansas and Missouri are the heavy buyers, as quarantine regulations shut out Iowa and Illinois buyers for the present. Kansas particularly is in need of cattle. Colorado cattle are selling sharply higher than last week.

Two loads killing steers from Frank Parks, Rifle, 938 pounds average, brought \$7.35 today. His shipment here October 6th weighed 969 pounds and brought \$6.90. Other Colorado killers brought \$7.75 today, 1,140 pounds, and yearlings and twos sold at \$7.15 to \$7.75. A few droves of quarantine cattle sold at \$6.75 to \$6.90 this morning, and some 1,000-pound steers Friday at \$7.50, but bulk of the receipts are low grade and mixed, market on which is stronger today, as packers are devoting more attention to orders for canned beef than they did last week.

Hogs sold strong to 10 cents higher to order buyers this morning, receipts 20,000 head, top \$8.10, bulk of sales \$7.60 to \$8.00. St. Louis top was \$7.95, bulk \$7.60 to \$7.85, exhibiting the weakness of that market without any order buying trade, which trade is centered at Kansas City while the foot and mouth quarantine is effective. Some light hogs, 130 pounds average, sold here at \$8. Packers held back, and bid 10c lower on the late market, refusing to pay above \$7.85 for such hogs as had been picked over by order buyers.

Sheep and lamb receipts were featured today by the first shipment of fed lambs from the Arkansas valley, Colorado, which weighed 76 pounds, and brought \$9.25. That is a record price for the opening of the season, and while there may be some declines, the market is expected to hold up pretty well, as receipts will run moderate for awhile. Best fat ewes are worth \$6, and feeding lambs sell largely at \$6.50 to \$6.75, weighing around 50 pounds, fleshy 60-pound feeders up to \$7.25. Receipts were 7,000 today.
